Welcome to the Tybee Island Fire Department

Introduction

The Tybee Island Fire Department was established in 1936. The station is located at 512 Jones Avenue on beautiful Tybee Island just outside Savannah Georgia. The department has a class 4 rating and is consisting of 38 dedicated volunteers and 21 of those volunteers are state certified first responders. We average about 75 calls per year. We are very fortunate to have great support from our community and local city council members. The department is very active within the community.

History

[Up](#)[Photo Gallery](#)

The Tybee Island Fire Department formally named "The Savannah Beach Fire Department" was established in 1936. Prior to 1936 the station was located on Cedarwood Drive in historic Fort Screven. And Fort Screven's Army protected the island from fire. A. P. Solomon Jr. "Pop" Solomon originally started the first fire department, who was **also** the owner of the city's water supply. He built a leaning shed on the side of his residence and housed the city's first municipal fire engine. It was a 1936 International 500 gpm, open cab, standard shift engine. The City of Tybee kept it in their possession till the 1970s and sold it.

"Pops" would use his own employees from his business if you called the telephone number "60" Mrs. B.L Solomon said a bell was rung manually if the workers and "Pop" were away from the house. He never docked any workers that fought fire even if they were there all day long.

Perry (A.P. Solomon III) and Edmund J. Solomon have all followed in the footsteps of "Pop" by becoming Fire Chiefs. The whole Solomon family has donated many hours to the community. We presently have a 5th generation Solomon "Seth" carrying on the family tradition.

In the 1940s the fire station moved to Jones Avenue and 5th Street. The station housed the 1936 International and two rescue type vehicles. After that we had a 1952 Dodge homemade Fire Engine with 500 gpm, 1963 Peter Pirch 750 gpm, 1971 Ward

LaFrance 750 gpm 1969 American La France was purchased from the City of Savannah which was sold in 1980. In 1978 we purchased a 78 MAC (Photo) that was guaranteed to fit in the station and it didn't, that's what led to us to build the new station located next door. Our new station houses the 78 Mac refurbished in 1993, 85 FMC 1250 gpm and an 88 FMC 1250 gpm. It also houses our Squad 6 and a transportation vehicle.

John Perry Solomon was named Fire Chief in 1971 after joining the department in April of 1962. In 1986 our present station was built and dedicated to Chief Solomon by Tybee's Mayor Walter W. Parker for his many years of service and dedication to the City of Tybee Island.

Parking Services

[Up](#)[Painless Parking](#)[Where to Park](#)

The Parking Services Department is directed by Frankie Conaway. Frankie has been employed with the City for 8 years.

Parking Services employs approximately 14 employees in the seasonal months (March through September) There are 4 full time employees which includes the Director.

Jobs will be posted in the newspaper and on the job opps page of this web. (click here)--> "JOB OPPORTUNITIES".

The purpose of this department is to enforce the parking ordinances and regulations of the city. Parking Services distributes season decals, accepts and processes payments and maintains **all** computer records. Parking Services is located at Tybrisa and Strand and is opened from 9 until 5, 7 days per week.

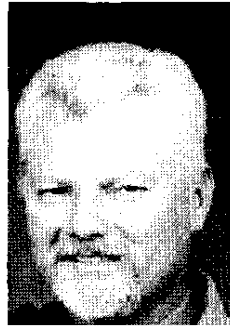

Revenues produced from the department are largely responsible for providing many of the city services used by the visitors to the island.

Canteen hours are daily, 5 pm to 10 pm

TYBEE ISLAND MEMORIAL PARK

A Photographic Tour

(Click on the following photos to view larger image of selected picture)

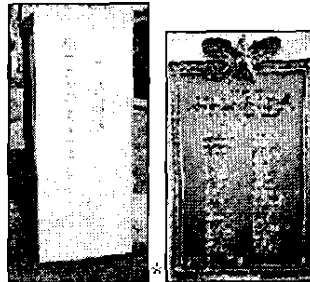

TYBEE ISLAND MEMORIAL PARK

Memorial Park on Tybee Island is a favorite location for picnicking, and other get-togethers for families and organizations. It's found about midpoint of the island located directly behind City Hall and the Tybee Library

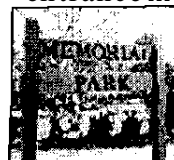

on Butler Ave. It is also connected by property of the Volunteer Fire Department (not yet pictured), and the old Tybee elementary school; now utilized by clubs and organizations such as the Tybee Island YMCA Program Center...

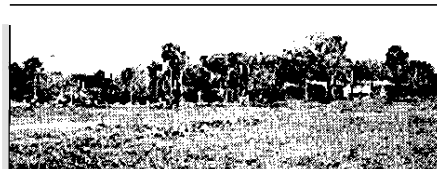

Take note of the stone monument "erected in memory and honor of the men who served their country during World War II from Savannah Beach 1946" (Tybee Island). It stands between the two buildings, with a list of the names of those men...

You can walk on through to enter the park from here if you wish, but to access the park by vehicle, turn down to Jones Avenue and enter where you see the Memorial Park sign marking the entrance...

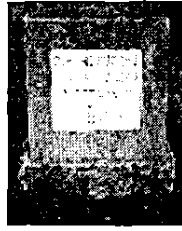

Now that your here, **you** can take a look around at some of the things that this park features...

At the left of the picture above you see a small fenced in area; this is a old graveyard! **One** is a

tombstone for 3 people: C.M. J.C. and C. ROTUREAU dated 1876, and it states that they were "washed ashore". (We'll see about getting the story behind this, and the other tombstones, so stay tuned...)

But lets leave the past for now , **and focus on** what else is here at the park. There is a ball field (not presently pictured here), as well as basketball court, and two tennis courts; all lighted for **those active souls** who wish to play at night.

To keep the children amused there is **a playground** consisting of swing sets, a merry-go-round, miniature forts, a "monkey car", and **other contraptions** to keep them occupied. There is also a shallow wading pool for the toddlers, **(which the parents** should monitor for safety's sake).

This park is a great place for picnicking, as it is supplied with several covered picnic shelters, and a large picnic pavilion which is lighted at night, and **is** also available as a reserved rental for **parties of families or organizations....**

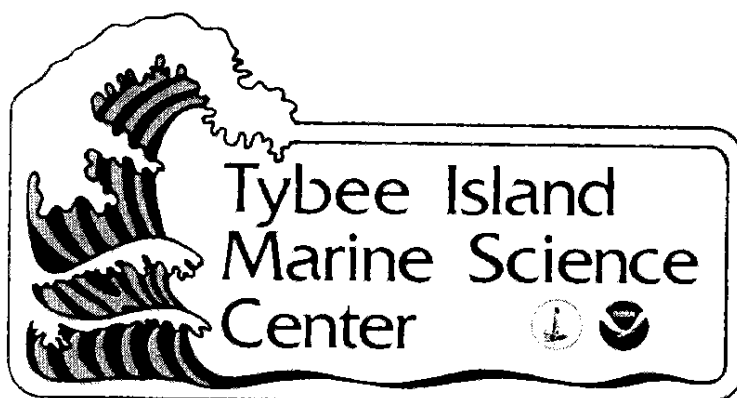

There are also restrooms conveniently located **on** the premises. For more information about the park or rentals of its picnic pavilion, you may inquire by calling (912) 786-4573 And tell them TYBEE ISLAND ONLINE sent you!

Our Mission

The Tybee Island Marine Science Center promotes appreciation, conservation, and understanding of the marine ecosystem of coastal Georgia through education and service.

The Museum

One may walk right off the beach and directly into our museum. The museum consists of aquariums and a touch tank containing specimens indigenous to the coast of Georgia. Exhibits provide information on shells, sharks, marine sea turtles, marine poll, sal marsh, and maritime life. The is also a gift shop and classrooms for group programs and special events.
